

At the Academy for Technology & Academics awards ceremony, Stan Godshall, co-chairman of our Student Chapter Committee, awarded Zackary Dean a \$1,000 scholarship to be used for his higher education in the building industry/construction field. Zackary is a member of the Technical Honors Society, a member of the NAHB Student Chapter, OSHA Certified and Aynor High JROTC Drill Team Exhibition member. He plans on attending Horry Georgetown Technical College in the fall to study in the field of Construction Management Technology. Zackary enrolled in an internship at Thomas Building Supply in Conway during his school year obtaining additional learning skills on plumbing and electrical parts, wiring inventory, organization as well as customer service. Congratulations to Zackary Dean for a job well done!

## ...BUILDING EDUCATION

All eighteen of the ATA Construction Technology Class who are members of our Student Chapter celebrated completing and passing the OSHA 10 Hour course as well as the NCCER training with a pizza party hosted by the Horry Georgetown Home Builders Association. Each Student also received a NAHB Student Chapter T-shirt. Encouraging these students to choose a lucrative career in the building industry is key for our industry to continue to have a pool of potential employees to keep our businesses going and growing. Congrats again students... Welcome to the Building Industry!
