

# HTC Security

## Make Your Home Safer AND Smarter

Staying safe and secure should always be a priority for you, your family and your home. Having a security system from HTC can help you with that.

But why stop there? In addition to being safe, you can also have a more connected, and convenient, home experience, all automatically powered by HTC Security. HTC Security supplies limitless ways you can connect, control and customize a smarter home for you and your family.

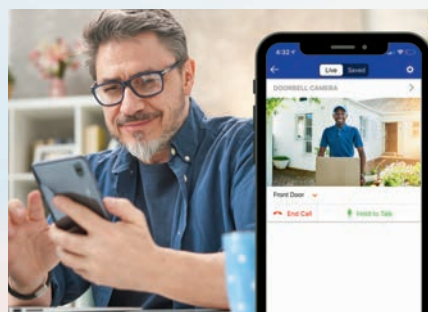

Whether you want to check in on the kids or pets, see who's at the door or control your thermostat and lights from the couch, home automation puts you

in control of your home. And best of all it's one system that's simple to use and always working 24/7 to keep what matters most to you safe.

### Video Monitoring

With an array of cameras, you can see everything, all the time. Options include:

- **Outdoor Cameras:** Customize your video alerts to focus on people, vehicles, animals or specific areas of your property. Only get alerts about what matters most to you.
- **Indoor Cameras:** Get daily video clips of your family arriving home or check in on your pets.

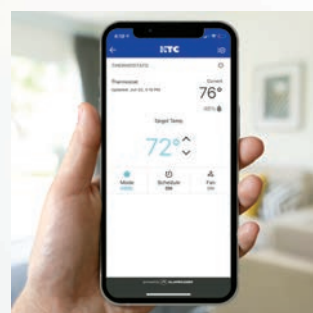

- **Doorbell Cameras:** See and talk to visitors from anywhere. Tap your app once to unlock the door and give access.

### Energy & Lighting

HTC can supply several cool solutions that help brighten your home. Options include:

- **Smart Thermostats:** Provides temperature control in your hands, from wherever you are.

- **Smart LED Light Bulbs:** Allows you to light up your home from anywhere from your app.
- **Smart Outlets:** You can turn any electrical device into a smart

device with a smart outlet then control it with your smartphone.

### Locks & Garage Door

Get easier access for your family and guests, while also getting an added layer of protection from intruders. Options include:

- **Smart Locks:** Lock and unlock doors or set automation rules like turn off lights and set alarm when you lock the door. Make life easier with convenient, connected locks.
- **Garage Doors:** Open and close

your garage door from your app. Never worry if you left the garage open again.

### Fire & Safety

Alerts that provide extra protection for peace of mind. Options include:

- **Wireless Smart Smoke Detector:** Get alerts for smoke, tamper and low battery plus your monitoring service alerts 911.

- **Carbon Monoxide Detector:** Rest easy with CO monitoring that instantly alerts you to dangerous levels of the odorless, colorless gas in your home – even when you're not there.

- **Glass Break Detector:** Detects the sound of glass breaking with 360-degree protection.
