

# Cambridge Elevating & Elevators Plus

## Quality Products - Professional Installation & Service

The Grand Strand is known for its sunny beaches, unique entertainment, and numerous golf courses. The influx of the retirement population along with the need to elevate homes above the storm surge created an increasing demand for accessibility in multi-story homes.

Elevators Plus is a residential elevator company who services Brunswick, Horry, Georgetown, and Marion Counties. They built their foundation on these basic principles: honesty, integrity, hard work, hospitality, and safety. They understand how important it is to

have a company that customers can trust to do the right thing, no matter what. They offer same day or next day service which created a reputation across the Grand Strand of a superior elevator service company. They also repair older elevators, extending their lifespan.

If an elevator does need a modernization or replacement, they have teamed up with several brands of elevators to find the best fit for the customer's needs. The premier elevator brand they collaborate with is Cambridge Elevating. Cambridge Elevating continues to meet the growing demand for home elevators among the general public seeking enhanced convenience. They craft top-tier elevators for North America's new home construction sector, albeit at the

cost of its accessible product offerings. Distinguished by a blend of drive

system innovations and door system convenience, Cambridge offers a range of elevator models. These encompass three high-end hydraulic-drive models, along with an economical electric-drive option tailored for builders and developers.

Elevators Plus specializes in installation and service of residential elevators, dumbwaiters, vertical platform lifts and chair lifts. Their women-owned

business has over 50 years of combined experience.

Their expertise in the field felt the need to incorporate lightning arrestors for all new elevators and modernizations in which they install to prevent electrical surges to the equipment. Elevators Plus is an

active member of the HGHBA and NAHB to better influence the importance of safety in the community, creating awareness whenever they can about the need for changes in regulations.

For further information on Cambridge Elevating or the installation of elevators or accessibility equipment, visit the professionals from Elevators Plus in Booth's # 530 & 531 in the Myrtle Beach Convention Center September 15th - 17th, call (843) 877-4374, email [ElevatorsPlus@gmail.com](mailto:ElevatorsPlus@gmail.com) or visit [ElevatorsPlus.com](http://ElevatorsPlus.com).
